

Activities & Awards Summary 2005-2006

From time to time the department is asked to compile information on awards received and other accomplishments by our graduate students. This sort of information is also invaluable in recruiting and publicizing the program. But we need your help to ensure that your achievements are properly recognized.

Please complete the following form as best you can and return it to the Instructional Coordinator. List only awards, publications, etc. received this (academic) year.

Surname

Given name(s)

Local address

Local phone

e-mail

Awards or
fellowships

Publications,
including works
in press or
accepted for
publication

(please indicate
publication
status)

Conference papers or invited lectures

--
